## we change lives

## What your investment means:

Homeownership leads to a high quality home environment, improved health, better test scores and stability for children. Your gifts not only help us build houses and revitalize neighborhoods. Your gifts help change lives, transform communities and build a new future for the families and neighborhoods we serve.

**\$1,000** Kitchen appliances where family meals are prepared

**\$5,000** An entryway leading to new adventures, new dreams and new possibilities

**\$10,000** A roof, under which all future holidays, birthdays and life events will happen

**\$25,000** A front porch where neighbors give each other a friendly wave

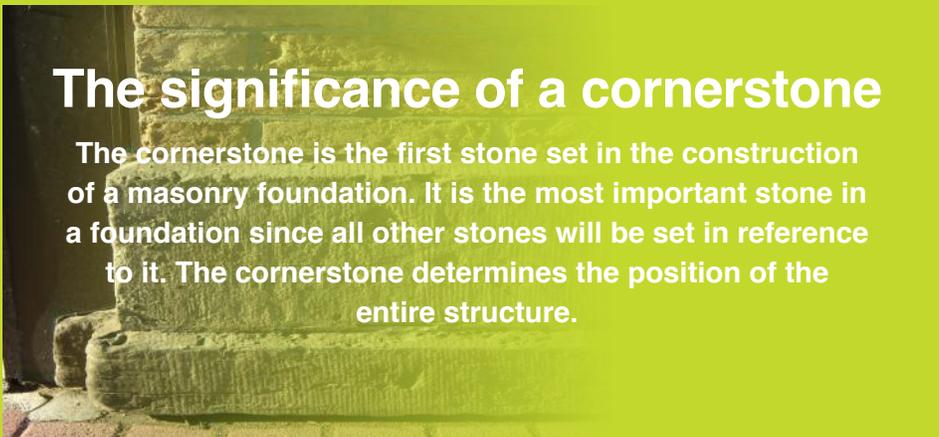

**\$50,000** The bedrooms of family members sleeping safe and sound

**\$100,000** A home, a future, a new beginning

Habitat for Humanity Greater Orlando & Osceola County is an organization of friends and neighbors. Together, we work to build homes, revitalize neighborhoods and strengthen communities. But most importantly, **we change lives** as we work to provide affordable housing for families in need. Our efforts hinge on the generosity and selflessness of donors who help make it possible for loving families to find a home of their own. These donors who go above and beyond – annually contributing \$1,000 or more – are the invaluable members of our Cornerstone Guild.

## The significance of a cornerstone

The cornerstone is the first stone set in the construction of a masonry foundation. It is the most important stone in a foundation since all other stones will be set in reference to it. The cornerstone determines the position of the entire structure.

For every nail that is hammered, every house that is sold, every resident that is empowered and every neighborhood that is enhanced, we are one step closer to eliminating substandard housing and developing thriving communities.
